Peer Support Program - Final Project

PowerPoint Presentation to include:

- The name of your Peer partner's disability
- The symptoms of that disability
- The causes of that disability
- The treatment/therapy if any for that disability
- How does the disability affect your Peer partner?
- What do you do to assist your Peer partner in class?
- Tell us some things about who your Peer partner is (ex. likes, dislikes, family, hobbies, personality, etc…)
- Finally, discuss your personal feelings about working with your Peer partner

Feel free to be creative with your project but remember the information listed above must be included. Also keep in mind that future participants/teachers will be watching your presentations.

Your presentations will be scored out of 30 points using a rubric and will based on an average grade from your teacher and your class peers.

It will be due _____.
