

## Peter Vermeulen in Florida – Web Series

**Presented by: Peter Vermeulen, PhD**

**Hosted by: UCF CARD, UFG CARD, UFJ CARD**

### About the Presenter

Dr. Peter Vermeulen received his Bachelor in Family Sciences in 1958 and continued on to his Master in Psychology and Pedagogical Sciences from the University of Leuven in 1985. In 2002 Peter earned his PhD in Psychology and Pedagogical Sciences from Leiden University, the oldest university in the Netherlands founded in 1575. Currently, Dr. Vermeulen is the CEO of Autism in Context in Brussels, Belgium. Peter has presented internationally for years and directed numerous organizations. When Peter is not presenting, writing, driving or flying around for his job, he can usually be found on one of his 4 bicycles, trying to imitate Tour de France winners, hereby being oblivious to his age and physical state. When tired from cycling, he can be found at home, with his wife and their dog (which actually is more a Gremlin than a dog). Or he is playing with his grandchild. Because the Gremlin loves the beach, Peter often spends his weekends at the seaside, savouring seafood and – being a descendant of a brewing family – enjoying a good beer.

### Training Description

In light of recent events, we have adapted Dr. Peter Vermeulen's live tour and we are offering a series of online sessions with Dr. Vermeulen to accommodate as many schedules as possible and so that you can attend from the comfort and safety of your own homes. See the registration page for session descriptions.

*\*Note: Session A and Session D are comprised of two complementary 90-minute sessions with a 30-minute break in between sessions. Autism as Absolute Thinking is a Prerequisite to Sensory Issues in Autism.*
