About the Presenters

Dr. Martha Pelaez is a Frost Professor in the College of Education at Florida International University. She received her Ph.D. in 1992 in Developmental Psychology, winning the International Dissertation Award from the International Society for Infant Studies. Dr. Pelaez has published more than 70 articles in referred journals, co-authored 13 chapters in one textbook on child development and several monographs. Dr. Pelaez is a Fellow of the American Psychological Association, and also the founder of the Behavior Development Bulletin, where she has served as editor since 1990.

Training Description & Objectives

Dr. Pelaez will be speaking on her childhood, young adulthood and journey as a person on the spectrum.

This presentation will:

- Illustrate several experiments conducted by Dr. Pelaez and collaborators to identify indicators of an “infant at risk” of developmental delays.
- Present several successful behavioral interventions using their mothers during face-to-face interactions.
- Present and review results from experiments that show improved social learning and infant development.

Regional Trainings are hosted by the Center for Autism and Related Disabilities, through the Partnership for Effective Programs for Students with Autism (PEPSA), a program funded by the State of Florida, Department of Education, K-12 Public Schools, Bureau of Exceptional Education and Student Services, through federal assistance under the Individuals with Disabilities Education Act (IDEA), Part B. www.DOEpartnership.org
