About the Presenter

Ann-Marie Orlando, Ph.D., CCC-SLP, is a research assistant professor in the Department of Psychiatry at the University of Florida and associate director for the Center for Autism and Related Disabilities (CARD) in Gainesville. Dr. Orlando works with educators and families, and provides community outreach services and professional development focused on autism spectrum disorder and related disabilities. A certified speech-language pathologist, Dr. Orlando's research activities focus on inclusive education, literacy, and the use of augmentative/alternative communication for individuals with autism and related disabilities. She has published journal articles and book chapters, and has taught both undergraduate and graduate courses on these and related topics. Dr. Orlando is a member of the American Speech-Language-Hearing Association and TASH.

Training Description

Target Audience: Instructional Teams & Classroom Staff

The presenter will cover a variety of educational topics relevant to Rett Syndrome. The content will focus on learning characteristics, ecological inventories, collaborative teaming, communication systems, goals and objectives, and strategies for generalization of skills.

Training Objectives

Participants will be able to:

- Understand learning characteristics and their impact on learning.
- Describe the process for determining IEP goals for this population.
- Describe the characteristics of collaborative teams.

Regional Trainings are hosted by the Center for Autism and Related Disabilities, through the Partnership for Effective Programs for Students with Autism (PEPSA), a program funded by the State of Florida, Department of Education, K-12 Public Schools, Bureau of Exceptional Education and Student Services, through federal assistance under the Individuals with Disabilities Education Act (IDEA), Part B. www.DOEpartnership.org
