December 12, 2014

8:30 am – 4:00 pm
Registration begins at 8:00 am

FAU MacArthur Campus

Administrative Building, AD119
5353 Parkside Drive
Jupiter, FL 33458

About the Presenter

Mark L. Sundberg, Ph.D., BCBA received his doctorate degree in Applied Behavior Analysis from Western Michigan University (1980) under the direction of Dr. Jack Michael. Dr. Sundberg is the co-author of the books Teaching Language to Children with Autism or Other Developmental Disabilities, The Assessment of Basic Language and Learning Skills: The ABLLS, and A Collection of Reprints on Verbal Behavior. Dr. Sundberg has given over 450 conference presentations and workshops nationally and internationally and has taught 80 college courses on behavior analysis, verbal behavior, sign language, and child development. He has received a number of awards, including the 2001 “Distinguished Psychology Department Alumnus Award” from Western Michigan University. He currently conducts research and consults with schools and programs in the San Francisco Bay area.

Training Description

The VB-MAPP is a criterion-referenced assessment tool, curriculum guide, and skill tracking system that is designed for children with ASD and other individuals who demonstrate language delays. The VB-MAPP is based on B.F. Skinner’s (1957) analysis of verbal behavior, established developmental milestones, and research from the field of behavior analysis. Attendees will be trained in the administration of the VB-MAPP and the application of data for educational planning and program development for students with ASD.

Training Objectives

Following this training, attendees will understand:

- Technical skills of the administration, scoring, and analysis of the VB-MAPP.
- Implementation and application of the data derived from the VB-MAPP in educational program development for the student with ASD.
