KEYNOTE

Chantal Sicile-Kira

Chantal Sicile-Kira’s passion for empowering others, her love of writing, and her personal interest in autism has led her to become a leader in the field of adolescence and transition to adulthood, and an international speaker and award-winning author of five books.

“If you are accepting of the belief that life can be good even with autism, then your child will think so, too. You are the most important person in your child’s life, and you can make them believe that anything is possible.” — Chantal Sicile-Kira, A Full Life with Autism

Chantal Sicile-Kira first worked with individuals with autism in California and then raised her son Jeremy, who has autism, in three different countries. These experiences give her a perspective few in the field have. Chantal recently founded AutismCollege.com which provides practical information and training on-line for parents and educators.
