November 4, 2014

9:00 am – 1:00 pm
Registration begins at 8:30 am

University of Miami

Newman Alumni Center
6200 San Amaro Drive
Coral Gables, FL 33146

About the Presenters

Jennifer S. Lingle, M.Ed. is the founder and president of the International Autism Association for Families and Educators and is the founder and director of Autism Consulting and Training, Inc. She has been a special education teacher for over 14 years. She holds a master's degree in special education and has her autism endorsement. Jennifer has presented on topics such as creating ASD friendly home-environments, structuring and organizing classroom settings, and helping parents better connect with their children with ASD. She has also consulted internationally to set up classrooms to meet the diverse needs of her clients and has created multi-sensory environments in schools and summer camps throughout the United States to assist children with sensory challenges.

Training Description

Target Audience: teachers, paraprofessionals & related service providers

This highly practical hands-on workshop teaches participants strategies, techniques, and solutions that can be used on a daily basis with the children they serve. Through participating in case studies and actively engaging with other professionals in the training; attendees will learn how to identify sensory stressors and how to create school settings that support the sensory needs of a variety of students with ASD.

Training Objectives

Participants will increase their knowledge of:

- Current research on sensory processing dysfunction, including prevalence rates.
- Symptoms of sensory processing dysfunction and solutions.
- How sensory challenges affect social, emotional and educational development.
- Approaches for creating and designing sensory settings (including sensory rooms) for classroom and clinic settings.
